## Sew-Perfect FEATURES

### 169 Stitch Programs (328 Stitch Functions)

Includes alphabet styles, numbers and four professional buttonhole options.

### Exclusive Underplate Buttonhole System

Sews in the same direction to create precisely balanced buttonholes with ease. Just place the button in the buttonhole foot, and the machine will do the rest. The underplate system secures thick and difficult fabrics like a mini embroidery hoop.

### Top Drop-In Bobbin

Makes bobbin insertion, removal and cleaning exceptionally easy!

### Programmable Needle Up/Needle Down

For precise pivoting when sewing corners and curves.

### Optimum Power Control (OPC)

You always have maximum piercing power and accurate finishing at every speed – even when sewing multiple layers, denim and high-piled fabrics.

### Pattern Storage Memory

Combine stitch patterns with ease. Create beautiful embellishments or write names, words and even whole sentences. The machine's memory stores up to 20 characters.

### Seven-Segment Feeding System

Includes Box Feed to ensure fabric is completely supported and in perfect contact with the feed dogs at all times.

### Electronically Formed Stitches

For stitches sewn precisely and accurately every time.

### Drop Feed

Easily lowers the feed dogs for free-hand sewing, stippling and button sewing. An essential feature for those who want creative freedom.

### Mirror Image

Stitches can be mirror-imaged with the touch of a button.

### Consumer's Choice

More people own SINGER® machines than all other brands combined.

### Optimal Stitch Settings

Automatically adjusts stitch width and length for you.

### All-Aluminum Frame

Heavy-duty construction for durability.

### 30-Day Money-Back Guarantee\*

### Included Accessories Valued At Over \$150

*\*Only at participating authorized Sewing Specialty Retailers.*

# Made To Fit Your Life

From clothing to quilting to your everyday sewing needs, the Quantum® 9910 is an electronic machine that offers great features, a great low price and a 30-day money-back guarantee.\*

**What else would you expect from the brand that stands for value?**

*\*Only at participating authorized Sewing Specialty Retailers.*

## optional ACCESSORIES

Consider an **Extension Table** (Model #S119) with an 18" x 24" surface to expand your workspace.

For additional accessories, the SINGER® Essentials collection contains an array of optional presser feet and attachments for the Quantum® 9910 that allows you to perform a variety of popular sewing techniques. Always look for SINGER® professional packaging to ensure you are receiving genuine SINGER® parts and our expert instructions on using the foot or attachment.

### Invisible Zipper Foot SP-163-P

Provides an invisible closure on skirts, dresses and other projects.

### Side Cutter 555790-P

Trims away excess fabric as you sew. ZigZag or overedge stitch required.

### Pintuck Foot 386022017-P

Works in conjunction with a twin needle to create small tucks or pleats in delicate and lightweight fabrics.
